Take back your outdoor spaces with the Spartan Mosquito Eradicator. Deploy Spartan Mosquito Eradicators as soon as the weather begins to warm to create a barrier, giving the mosquitoes a target that emits the same attraction triggers as human blood. Mosquitoes feed on the water solution, they are eliminated before they can breed again.

The Spartan Mosquito Eradicator is a uniquely effective, long-lasting, continuous mosquito control system. The Spartan Mosquito Eradicator also doesn't require any maintenance. Just add water and shake. The last water change required will suffer dramatically in the first 15 days, and will be 95% controlled for up to 90 days.

Help protect your environment from mosquito bites with the Spartan Mosquito Eradicator and take back your outdoors **THE SPARTAN WAY!**

HOW TO USE INSTRUCTIONS ONLINE AT
WWW.SPARTANMOSQUITO.COM

A large mosquito is shown in profile, facing left, against a solid blue background. The mosquito's body is detailed, showing its legs, wings, and segmented abdomen. A bright yellow banner runs horizontally across the lower portion of the image, containing text in black and red. In the bottom right corner, there is a barcode and a price tag. The overall design is clean and modern, typical of a product advertisement.
